Project

25 Onderdonk Rd
25 Onderdonk Rd

Description	Qty	Unit Price	Amount
11/30/2025 - Followed up with contractor on project update; contacted NYDEC for status; called Engineer (received no answer initially, then spoke with him and requested an email with all parties CC'd); followed up with contractor regarding response from Blythe on progress.	0.50	\$120.00	\$60.00
11/24/2025 - Researched and confirmed USACE permit extension; contacted multiple offices and reached NYS Region to discuss			

project scenario; sent email and received confirmation that, if under contract, extension can be granted up to 12 months from 03/14/2025; forwarded confirmation to contractor via email	0.75	\$120.00	\$90.00
11/20/2025 - Called Peter, who worked on the file and sent a reply; reviewed and forwarded to Tracey at NYDEC and uploaded to State Special Survey; called Blythe, who indicated a minimum two-week timeline.	0.50	\$120.00	\$60.00
11/17/2025 - Reviewed current project status with contractor; followed up with Peter, Steve, and Blythe regarding next steps.	2.00	\$120.00	\$240.00
11/14/2025 - Attempted to call all Region 3 contacts without success; contacted Albany to file a complaint and discuss next steps; Albany representative will forward the message to upper management, who will follow up.	0.50	\$120.00	\$60.00
11/11/2025 - Coordinated with Tod, Architect, regarding meeting attendance (he was unavailable); confirmed with Steve via call and email that rescheduling was not necessary; attended meeting; discussed next steps with Jerry afterwar	1.00	\$120.00	\$120.00
12/17/2025 - Contacted the contractor and reviewed the next steps. He requested that I follow up with Peter Torgersen, the wetland specialist, to review the updated architectural plans from Yost Design and confirm whether everything is acceptable or if there are	0.50	\$120.00	\$60.00

any wetland-related issues we should be aware of. An email has been sent to Peter for his review.

11/10/2025 - Worked on project file; discussed current status and target plan with Steve, Engineer, who suggested a Zoom meeting with landscaper, designer, contractor, and architect to align efforts; coordinated with contractor regarding landscaper; received and reviewed Short EA Form, updated as needed, and sent to Steve for review (made corrections per his feedback); attempted NYDEC contact via call and email (no response); contractor confirmed awaiting client approval with landscaper before proceeding; emailed Village to request escrow and application fee amounts	2.00	\$120.00	\$240.00
11/8/2025 - Prepared Short Environmental Assessment Form and sent to client for review and signature	1.00	\$120.00	\$120.00
11/7/2025 - Purchased envelopes and stamps; printed all paperwork and prepared envelopes with labels and postage; submitted package to Village, who reviewed and advised that 12 copies of updated plans will be required.	2.00	\$120.00	\$240.00
11/6/2025 - Go back to TOR for updated list	2.00	\$120.00	\$240.00
11/6/2025 - Drove down to town to get labels and list of 500FT, They did not accept cash or card, Went to Chase for a bank check, printed 500 FT sheet	3.00	\$120.00	\$360.00
11/6/2025 - Contacted Village of New			

Hempstead and Town of Ramapo for information regarding address change; coordinated with Rockland 911 clerk via call and email, confirmed that plans can be submitted when ready to proceed with the change of address.	1.00	\$120.00	\$120.00
--	------	----------	----------

11/5/2025 - Prepared for and attended TAC meeting; contacted NYDEC via call and email; coordinated with Village regarding application requirements and process; pre-filled two applications as advised by Village (Planning Board and Wetlands); discussed deed-related questions with client; exchanged emails with project team	6.00	\$120.00	\$720.00
---	------	----------	----------

11/4/2025 - Received 11/04/2025 Village Engineer review letter; reviewed letter and discussed with Peter and William; spoke with Village Engineer regarding NYDEC new law; coordinated with Steve, Engineer, to join tomorrow's TAC meeting.	1.50	\$120.00	\$180.00
--	------	----------	----------

10/31/2025 - Spoke with client; updated application narrative letter; received printed plans; printed all documents in quadruplicate and submitted complete package to Village.	1.00	\$120.00	\$120.00
---	------	----------	----------

10/30/2025 - Received response package from Village; ordered hard copy of plot plan; reviewed and pre-filled Village application; discussed application and fees with client	2.50	\$120.00	\$300.00
--	------	----------	----------

10/29/2025 - Reviewed all documents, including the 2015 Village resolution, approvals, and correspondence with the Village Building Department;	6.00	\$120.00	\$720.00
---	------	----------	----------

communicated with architect;
prepared narratives for TAC meeting

10/28/2025 - Met with Camille at the Village to obtain a list of completed records to date and copies of all records; compiled list of outstanding items needed for TAC meeting	0.75	\$120.00	\$90.00
---	------	----------	---------

10/28/2025 - Received numerous documents from contractor (provided by client); reviewed, organized, and renamed all files for clarity and proper record-keeping	2.00	\$120.00	\$240.00
---	------	----------	----------

12/26/2025 - Drove to Village hall dropped short environmental form documents, Emailed digital copy to clerk.	0.50	\$120.00	\$60.00
---	------	----------	---------

12/23/2025 - Reviewed the email chain between the contractor, landscape architect, and engineer. The goal is to reduce the area of disturbance to less than one acre so as not to trigger the requirement for a full Stormwater Pollution Prevention Plan (SWPPP). Tried calling engineer Steve Sparaco with no answer, and also attempted to reach his colleague without success. Spoke with Andrew from Yost Design (landscape architect), who advised that he will follow up with the engineer and get back to me. Working to complete this as soon as possible so the Short Environmental Assessment Form can be completed and submitted to the Planning Board for review.	0.33	\$120.00	\$40.00
--	------	----------	---------

12/22/2025 - Short note: Spoke with Steve Sparaco Engineering regarding the Short Environmental Assessment			
--	--	--	--

Form. We discussed that the disturbed area exceeds one acre and are working to reduce it below one acre. Blythe, the landscape architect, is addressing this to avoid triggering a full SWPPP. Will discuss further with Jerry, the contractor.

\$20.00

12/19/2025 - Note: Printed 12 sets of the following documents: • Narrative letter signed by Jerry • U.S. Army Corps approval • Planning Board resolution (expired in 2015, prior owner) I was advised by Yost Design that the printing company mistakenly dropped off the plans to the wrong party. I contacted Nichols Printing and arranged for the driver to pick them up and deliver them to my house. The plans were not folded, so I folded all 12 sets. I then went to the Village, where they reviewed the submission and advised that DEC approval is required before proceeding to the Planning Board. I informed them that I will work on obtaining the DEC approval and will submit it once received. The Village Clerk also advised that she had not received the digital plans due to an incorrect email address. I resent all materials and successfully submitted everything digitally.

\$58.00

12/18/2025 - Called the Village and

was advised that the Planning Board meeting will most likely be on 01/18/2026 and that today is the submission deadline. Called the contractor and confirmed that we should submit what we have today. Drove to the Village and submitted the application along with the \$1,500 escrow fee. Returned to the office, documented everything, and sent the plans to the printing company to prepare 12 copies. Followed up with the engineer via email regarding the required Short Environmental Assessment Form and emailed the Village a copy of the plans and submission materials

\$170.00

12/17/2025 - Email follow-up with the contractor, Yost Design, and the engineer has finalized the landscaping design. The design is now ready to proceed with the engineer so we can aim for the Planning Board meeting on 01/28/2026. The contractor has requested confirmation on whether we can move forward with the Planning Board using the landscaping plan, without waiting for the engineer's plans, which may be delayed. Attempts to call the Village were unsuccessful; an email has been sent for confirmation.
